WEATHER INDICATIONS.

U. S. Department of Agriculture,
Weather Bureau.
Toledo, O., April 6, 1892.
Weather Conditions.

The area of low pressure that was central over Lake Superior Tuesday morning has moved to the Gulf of St. Lawrence, causing clearing conditions throughout the Ohio and Mississippi valleys.

An unusually heavy rainfall occurred at Knoxville, Tenn., amounting to 2.50 inches, but with that exception very little precipitation has taken place.

The weather is reported generally fair over the lakes wih brisk westerly winds.

The barometer is falling rapidly in the northwest, accompanied by rising temperature and light rains in Montana. The area of high pressure that covered the Missouri valley yesterday has moved to the Mississippi river and is causing the weather in that region to be fair.

The weather in this vicinity to-day will be fair with stationary temperature and Thursday fair and warmer.

E. A. HANNER, Observer.

Ohio—Generally fair; northwesterly winds.

For Indiana, Illinois, Michigan and Wisconsin—Generally fair; warmer Thursday; winds becoming southerly.

Strikes at the root—Dr. Pierce's Golden Medical Discovery. That's the reason so many different diseases and disorders yield to it. They all have the same beginning—there's a torpid liver or impure blood. And they all have the same ending—they're *cured*, by this remedy.

Dyspepsia, Indigestion, Biliousness; the most obstinate Skin and Scalp Diseases, such as Salt-rheum, Tetter, Erysipelas, Eczema and kindred ailments; the worst forms of Scrofula—even Consumption (or Lung-scrofula) in its earlier stages; every blood-taint and disorder, no matter how it came—all are cured by it.

It's the *only* medicine for all such diseases that's so positively certain in its effects that it can be *guaranteed*. If it fails to benefit or cure, in any case, the money is refunded.

GAS IN COLUMBUS

Toledo's Bond Bill Discussed at Length.

A Delegation Visits the Capital

And Explains the Wants of the City.

Interesting Session in the Senate Room.

The Certificates of Indebtedness and the Manner in Which They Were Issued Formed the Burden of the Talk.

Columbus, O., April 6.—(Special)—Last night was surely a red letter night for the citizens of Toledo in the senate chamber, where arguments were made before Senators McConica and Rorick who compose a special committee that has charge of Griffin's bill legalizing the issuing of the gas certificates in the city of Toledo.

The provisions of the bill have been published heretofore in the Bee, and were discussed fully by the different representatives of the city of Toledo last night.

Senator McConica acted as chairman of the committee and informed the gentlemen that two hours would be given to the discussion of this bill in its different phases, one hour for each side, the parties favoring the bill to have the opening and closing.

Mr. W. S. Thurstin was the first to speak, and began by saying that he would have to hurry in order to take a train. Mr. Thurstin stated that the city of Toledo was the only city affected by this bill, and that the election just held showed how the people stood upon the matter as men who are favorable to this bill were elected over those opposed.

He stated that the vote for the original issuing of the bonds was over 60 per cent., and to show that the people had not changed their minds in regard to it, the vote was as large in favor of it as ever.

Mr. Thurstin said that the people of Toledo claimed and demanded the right of home rule, and that the majority of the people of Toledo wanted the passage of this bill, that it was to pay off an honest debt, and should pass.

He gave a general history of the workings of the gas trustees previous to the introduction of this bill.

Mr. Kinney was the next to take the floor, and spoke at some length against the bill. He began by stating that there were two wards in the city of Toledo always spoken of as the republican wards—the Seventh and Third—and remarked upon the closeness of these wards this year as compared with previous years, and said that the recent election had no significance whatever in connection with the workings of this board of gas trustees.

Mr. Kinny said that the reason the original bill, providing for the issuance of $750,000 bonds by the city of Toledo was passed was because the people of Toledo were assured that it would not cost over $750,000 to complete this work, and that the plant would eventually pay off the whole indebtedness.

The people saw what had been done. They went ahead and made contracts with parties who knew that the city had no money to pay them, with parties who who knew what the law was, and that it was illegal.

These gentlemen finally came to the conclusion that they did not want to carry out the contracts they had made, and now they come here and ask the legislature to revoke the decision of the courts, and to allow them to pay money to speculators and schemers who bought up these certificates for 60 cents on the dollar, and to pay them the par value for them.

If they want to prove anything, let them take it to the proper place to prove it—in the courts. They dare not do so.

We can prove that the work could have been done for one-half the money, if they had made the contract in the first place that they are now asking the legislature permission to make. They say this will not cost over $100,000. If that is the case, why do not they put in their bill. They said before that it would not cost over $720,000. Now they want the legislature to give the gas trustees unlimited power, and how do we know that they will not expend more than $100,000 if we have their previous promises to go by.

Mr. Baumgardner stated that he was originally in favor of the measure, and said he had been shown the error of his ways by the incompetent previous gas trustees, who had taken him in, but he had been converted and was now one of the men who wasn't in favor of the present bill.

Barton Smith was the next speaker. Mr. Smith cited many instances of error on the part of the gas trustees, and gave many quotations from the pampulet that was circulated among the senators yesterday afternoon. He spoke of the manner in which the bill was introduced and rushed through the house by part of the Toledo delegation, meaning Griffin and Heller, Flickinger not being in it.

But the real fun came when Mr. Brown took the floor and began to wind up the argument for the plaintiff. As soon as Mr. Brown took the floor it was evident to every one in the senate chamber that he was fully in touch with everything that concerned the measure, and knew precisely what he was talking about, which became more and more evident whenever he was asked a question by the Messrs. Kinney or Smith.

He began by informing the committee that he was one of the unfortunate members of the old board of gas trustees, who had probably not been said to be dishonest, but very incapable. He congratulated the people of Toledo on the now efficient board.

Mr. Brown stated that the arguments that had been presented by the opposition were at least three years old, as everybody in the city of Toledo, who had any knowledge of this matter could testify, and that it had been the same old cry all the time.

He then went on to state the cause of the expenditure of so much money, etc. These very persons who are now opposing this bill are the very persons who have been obstructing the way of the board of gas trustees ever since the plant was started.

When the gas trustees bought gas lands, they bought up all the lands around so as to steal their gas and make it impossible for them to supply the demand and fill all the pipes they had laid.

It was they who had formed the opposition gas company, or who were interested therein, and claimed that it was the fault of these very persons that the delays had been caused, such an enormous amount of money expended, and that they had failed to comply with their contract.

He then stated that these contracts were made on the advice of the city solicitor, that their pipes and wells were bought by his advice—that is he had given his written opinion that they did not have to advertise for bids in buying gas wells—and Mr. Brown also showed a written statement that City Solicitor Kinney had himself made, that the contracts were perfectly legal and binding on the city, whether or not there was money in the treasury at the time to fulfill the contracts.

Mr. White then spoke personally to Senators McConica and Rorick, and explained the business features of the bill, objecting only to the clause, which, in his opinion, gave the board too much power, viz., the first section.

Nothing definite was decided in regard to the measure by the committee but it will probably be amended as Mr. White suggested, and reported back favorably.

The Bill Amended.

The following substitute for the first section of the Griffin gas bill was agreed upon by the special committee to which the bill was referred: That any city of the third grade of the first class authorized to construct a natural gas plant or to borrow money and issue bonds therefor, for the purpose of procuring territory and right of way, sinking wells for natural gas, purchasing wells and natural gas works, purchasing and laying pipe and supplying such city with natural gas for public and private use and consumption, shall be and is hereby authorized to borrow money and issue bonds in any sum not exceeding one hundred thousand dollars ($100,000), in addition to any bonds now authorized to be issued, for the purpose of constructing, extending and completing such natural gas plant and making the same efficient for the purpose intended.

The common council of any such city shall upon the written request made from time to time, of its board of natural gas trustees, issue the bonds of such city in any sum not exceeding in the aggregate said one hundred thousand dollars ($100,000) which bonds shall be issued accordingly to the provisions of an ordinance to be by the common council passed for that purpose, in denominations not less than five hundred dollars ($500), and not more than one thousand dollars ($1,000), payable at such time or times not less than ten years and not exceeding thirty-five years from the date of the issue thereof, with interest not exceeding 4 1-2 per cent. per annum, payable semi-annually, principal and interest payable at such place as may be by said ordinance provided, and such bonds shall have attached thereto coupons representing the interest to accrue thereon, and said bonds shall in all cases express upon their face the purposes for which, and the act under which they are issued, and shall be signed by the mayor and countersigned and registered by the auditor of such city, with the seal thereof impressed thereon, and shall be sold according to law and for not less than their face value, and the proceeds of such bonds shall be used for the purposes aforesaid, and not otherwise.

MURDER REPORTED.

Alexandria, La., April 6.—News reached here last night by a Chicago drummer from that section that Capt. Patrick Kelley, aged 55 years, engaged in peddling, was killed on Sunday last on Little river, near Fishville, by a gang of eight negroes. Four of the negroes were caught and hanged and the mob is in pursuit of the rest of the gang. The killing was for the purpose of robbery.

PUT INTO A COOLER.

Guthrie, O. T., April 6.—U. S. officers yesterday arrested Frank White and Buffalo Black, two Otoes, charged with insurrection and inciting their people against the whites.

For months the men have been preaching to the Otoes and Pawnees regarding the Messiah, the resurrection of the dead Indians, the return of buffalo and the wiping off of the earth of the whites.

Lindsey's Vote.

Lindsey, O., April 6.—(Special)—For mayor, J. W. Brenneman, dem., 68; C. G. Bowers, rep., 42; Brenneman's majority, 26.

CAPTAIN HATFIELD IS DEAD

Killed by a "Friend" in a Game of Cards.

The Mountain Terror Has Cashed in His Chips and Joined the Silent Majority.

New York, April 6.—A Louisa, Ky., dispatch to the World says that "Captain" Hatfield, the notorious leader of the Hatfield gang, whose record of murders is second to none in this or any other civilized country, has come to grief and is now a member of what is generally spoken of as the "Great Majority."

Raftsmen from the head of the Tug Fork of the Big Sandy river have brought the news that while engaged in a game of cards at the "Captain's" home in the mountains of Logan county, W. Va., with some of his boon companions, the captain being a big winner, was accused of cheating.

This brought on a row and brought out pistols. The firing was promiscuous, but the "Captain" was finally laid low by two bullets in the heart, fired by one of the gang who had solemnly sworn eternal friendship. One of the Hatfield brothers was among the card party, but which one it is impossible to learn. No arrests have been made as yet.

CHICAGO ELECTION

Democrats Retain Control of the Council.

Boodle Aldermen Retired to Private Life.

Leader Cullerton Defeated for Re-election.

Milwaukee in the Democratic Column.

Much Bitter Feeling Shown in the Omaha Election—Law Officers Called Out to Prevent Probable Bloodshed.

Chicago, April 6.—Aside from politics yesterday's election was a defeat for boodle and gang methods in the city council. Alderman Cullerton, of the Ninth ward, believed to be the king bee of the unsavory crowd that has made franchises merchantable commodities, was beaten for re-election. So was "Eddie" Burke in the Sixth and Dan O'Brien (now under indictment) in the Twenty-third.

"Broad" McAbee's defeat in the Twenty-fourth ward is the end of the old Corcoran gang's domination of that ward.

Powers, of the Nineteenth, was re-elected despite his bad record, but generally the gang went under.

The new city council will be composed of 32 republicans and 36 democrats, including five of the latter party who ran as independents. The democrats elected the town tickets on the north and south sides, while the republicans were victorious on the west side.

In Milwaukee.

Milwaukee, April 6.—The democrats carried the city yesterday by reduced majorities, many of the German wards renewing their republican affiliations. Austin and Woller, republican candidates for city attorney and clerk of the municipal court, may pull in by a scratch.

Sparta, Antigo, Appleton, Chilton, Manitowoc, Kewaunee, Neenah, Menasha and Marinette elect pretty much all the democratic ticket. Viroqua, Lancaster, Medford and Black River Falls are republican.

At Omaha.

Omaha, Neb., April 6.—Politics and religion were mixed up in the election in South Omaha yesterday, and for a time bloodshed was threatened. Shortly after the polls were opened word was sent to Omaha asking the sheriff for help to preserve order. Sheriff Bennett responded by sending 35 deputies.

When the deputy sheriffs appeared it was charged that it was an attempt on the American Protective association to intimidate the Catholic voters. Hands were thrust into pockets that contained revolvers and ready clubs and missiles were on the point of being called into active play.

Sheriff Bennett appeared on the scene personally and held a conference with Mayor Sloane. It was then decided to withdraw the deputy sheriffs and allow the police to maintain order, thus averting serious trouble for the time.

WITH MURDEROUS INTENT

A Hatchet Wielded With Terrible Results.

A Disappointed Lover Carves Up a Man Against Whom He Had a Grudge.

Shelby, O., April 6.—Yesterday Andrew Jacobs, a young man living three miles out of Shelby, assaulted Gilbert Wheeler with a hatchet. Jacobs had been keeping company with a young lady of the neighborhood, and a few nights ago proposed to her, but was refused. Yesterday he stopped at Wheeler's home, and after talking with Wheeler awhile proposed that they walk out to the barn.

On arriving at the barn Jacobs accused Wheeler of influencing the girl in her decision, and grabbed him by the throat with his left hand, pulled a hatchet out of his coat pocket, and began cutting Wheeler over the head and face.

He succeeded in inflicting several dangerous wounds before Wheeler succeeded in wrenching the hatchet from him. Officers went out after Jacobs to-day and arrested him, charging him with assault with intent to kill.

He was taken before 'Squire Hilderbrant, who bound him over to common pleas court. Marshal Brougher took the prisoner to the Mansfield jail this evening.

DEATH IN THE FLAMES

Seven Persons Cremated in Fort Madison.

A Two-Story Residence Burns and All the Inmates But Two Perish.

Fort Madison, Ia., April 6.—At 11:15 last night the two-story frame store building of S. V. Kitchen was discovered to be on fire, and it, with the dwelling of John Kuck, was entirely consumed.

S. V. Kitchen, his wife, three children, his wife's sister, Miss Sidney Day, and August Knemier, a boarder, were burned to death. Sam Kitchen and Henry Knemier were badly burned.

BISHOP HORTSMANN

On a Successor to Pope Leo—Will Not be Cardinal Gibbons.

Bishop Horstmann, of this Catholic diocese, was in Pittsburg yesterday, on his way to Cleveland from attendance at the funeral of his brother. In an interview he stated he did not think that Cardinal Gibbons would be the successor of Pope Leo, as had been intimated. "His successor," said he, "will not come from this country. There is no possibility of the pope's residence ever being changed to this side of the water for the reason that it must necessarily remain where the majority of the church is."

FREIGHT WRECK.

Fostoria, O., April 6.—(Special)—A Southbound freight on the Hocking Valley separated in three places while about a mile south of the city. When the cars crashed together again four loaded cars were demolished and 11 others damaged. The cars were loaded with coal and lumber.

BRYAN NOTES.

Bryan, O., April 6.—(Special)—Had there been 14 more votes cast for water works Monday, Bryan would have been happier to-day. The council now is in favor of water works.

A very high ind blew all day yesterday. Many small buildings blown down.

MAJOR WARNER ASSAULTED.

Disgraceful Attack Made by a Kansas City Man.

Kansas City, Mo., April 6.—Major William Warner, ex-congressman and ex-commander-in-chief of the Grand Army of the Republic, and a possible candidate for the vice-presidency of the United States, was violently assaulted last evening on the streets.

The major was walking past the junction with a party of friends talking about the election and made the remark that any man who would disfranchise a voter was as vile as man could be.

He had no sooner uttered the words than a young man named Gentry stepped up to him and struck him twice in the face with his clenched fist, almost knocking him down.

The major's friends attempted to catch the young man, but he eluded them and ran down the street. The major's face was badly bruised and bleeding, but the injuries are not any way serious.

POISONED ICE CREAM.

Nashville, Tenn., April 6.—About fifty persons were poisoned by eating ice cream at a church social held Monday. Two of the victims, John D. Hudson and Miss Mattie Goodwin, have died, and three others, H. C. Dyer, a farmer; C. W. Russell and John Smith, merchants, had a hard struggle for life. The others have already recovered or are on the road to recovery.

SIX MEN DROWNED.

Louisville, April 6.—At lock No. 6 on the Kentucky river a raft is reported to have gone to pieces and six raftsmen drowned.

THE CROP OUTLOOK GOOD

Summary of Conditions in Various States.

On the Whole the Reports are All of Most Encouraging Nature.

Chicago, April 6.—The following summary of the crop outlook will appear in the Farmers' Review to-day: Reports from our correspondents in Illinois show that plowing and spring work are now quite fairly advanced. The water supply is good over nearly the entire state. The condition of winter wheat is good in about 40 per cent. of the counties, fair in about 50 per cent., and poor in about 10 per cent. Oats are being sown in two-thirds of the counties and clover in a few. Two counties report that the planting of potatoes has begun.

In Indiana the work of plowing and seeding is also progressing well. The water supply is abundant and the condition of winter wheat is similar to that of Illinois. Oats are being extensively sown and some timothy and clover put in.

In Ohio plowing has been begun in most of the counties, but in a few the ground will not be in condition to begin the work for one or two weeks more. The water supply is everywhere good. The condition of winter wheat is good in one-fourth of the counties, fair in two-fifths, and poor in the others. Oats and grass seed are being put in in a few counties, but in quite a number of counties no seeding has yet been done.

In Michigan plowing has been begun in about half of the counties, but it will be one or two weeks before it will be in progress in the others. The water supply is generally good, though three counties report the supply as only fair and in two others the supply is decidedly short. Wheat is in good condition in half of the counties where winter wheat is grown, fair in the remainder. Some grass seed has been sown, but in most of the counties there has been no seeding to amount to anything.

In Kentucky, plowing and spring work are in progress; the water supply is good; wheat is in fair condition; grass and oats are being sown. Only four counties report "no seeding yet."

In Missouri, plowing was begun in 60 per cent. of the counties, and by next week will be in progress in the others. The water supply is everywhere good. Wheat is good in one-third of the counties, fair in one-sixth, and poor in one-half. Oats have been sown, but very little grass seed. Three counties report that potatoes are being put in.

In Kansas plowing is in progress and the water supply is good. Winter wheat is reported in good condition by half of the correspondents, fair by a little less than one-quarter; poor by the others. One reports that grass seed is being sown; two report barley and two spring wheat as being put in.

In Nebraska plowing has been begun in most of the counties, though a few are not yet in condition. The water supply is abundant.

Plowing has been done in three-fourths of the counties of Iowa. The water supply is good and what little winter wheat there is is in good condition in one-half of the counties and fair in most of the others. In one-fourth of the counties neither seeding nor plowing has been done, but the land will be in shape for this in another week.

In Wisconsin the land is generally too wet to plow well, but in about half the counties plowing has been begun. The others report that plowing will be begun next week. The water supply is generally good. Winter wheat is reported in good condition by only 20 per cent. of the correspondents, fair by 40 per cent., and poor by 40 per cent. Twenty-eight report that in their counties no seeding has been done.

In Minnesota plowing is in progress in most of the counties, and the water supply is good. Little seeding has been done, but some spring wheat has been sown.

BURNED TO THE GROUND.

Piqua, O., April 6.—Flames broke out in the mammoth furniture concern of Cronkills & Co., and their entire plant is now in ruins. The plant consisted of a magnificent four-story brick building, 80x200, and two large warehouses of the same size. The loss is $125,000, with $60,000 insurance. Seven tenement houses were also destroyed. It is the worst fire that Piqua has ever experienced.

RAIL DISASTERS.

Milwaukee, April 6.—A collision occurred on the Chicago & Northwestern, near Wales station, five miles west of Waukesha, at 7 o'clock last night. The Madison express collided with a westbound freight. Four persons were killed.

HIS WIFE WAS UNFAITHFUL

And He Sent a Bullet Into Her Head.

Sensational Shooting in a St. Louis House of Ill-Fame by a Drummer.

St. Louis, April 6.—About 11 o'clock last night Mrs. Katie Griffin, 26 years old, was shot and fatally wounded by her husband, William F. Griffin, in a house of ill-repute on Chestnut street.

Mrs. Griffin had left her home on Washington avenue early in the evening in response to a note to meet a man at the house mentioned.

The husband suspected her intention and followed her. He found her in a room alone, and accused her of being unfaithful. After some words he drew a revolver and fired, the bullet striking Mrs. Griffin in the back of the neck and lodging at the base of the skull.

The couple were married in Buffalo, N. Y., seven years ago and came here last October. The husband is a commercial traveller in the employ of the Campbell Manufacturing company. He claims the man who sent the note to his wife is a gambler living in Buffalo, but refuses to give his name.

THROW 'EM A ROPE

Republican Officeholders in Bad Shape.

A Great Hustle to Get in Out of the Wet.

Baumbach Has Written a Ripper Bill

To Allow Emmick to Continue His Salary.

The Will of the People Cuts no Figure So Long as Republicans Can Reach Out and Secure an Office.

Columbus, April 6.—Herman Baumbach arrived here to-day with a little ripper in his pocket, authorizing the mayor to appoint the infirmary director instead of the council, as at present.

The term is for three years, at a salary of $1,500.

If the bill becomes a law, Mayor Emmick has promised to appoint Herman, so he says confidentially. He must have an office if he has to flop to secure the appointment as harbor master from the democrats. He has talked to nearly every republican senator.

Bills Passed the Senate.

Mr. Iams—Allowing jurors in justices' courts $1 instead of 50 cents per day.

Mr. Clapp—Requiring county commissioners throughout the state to erect guard rails on sides of all bridges and embankments of dangerous heights.

Mr. Laylin—Authorizing township trustees to protect sidewalks in the same manner as they are protected in municipalities.

Bond Bill.

Senator Geyer introduced a bill authorizing the council of Bryan to issue $30,000 in bonds for water works purposes, the same to be submitted to a vote of the people. It passed under a suspension of the rules.

Senator Shaw introduced a bill authorizing Convey, Van Wert county, to issue $7,000 in bonds for road purposes.

Toledo's Medical War.

Judge Austin is here with a bill in his pocket to consolidate Toledo Medical college and Northwestern Medical college under the name of Toledo and Northwestern Medical college on such a basis as can be agreed upon by trustees of each college. Representative Griffin has examined and placed the bill in shape for introduction, which may be done this afternoon.

Of Interest to Oil Men.

Senator Shaw this afternoon introduced a bill to regulate the drilling, operation and abandonment of petroleum oil, natural gas and mineral water wells, and to prevent certain abuses connected therewith.

It provides that before any persons shall bore into gas bearing rock, they shall incase such well with good wrought-iron casing, so that all kinds of water may be excluded.

If at any time the well is abandoned it shall be filled with cement and sand by the owner.

When any person secures gas he shall immediately see that the same is not wasted until utilized for light, fuel or power.

This does not apply to any well operated in good faith for oil.

It also prevents the use of flambeau lights but does not prohibit Jumbo burners, only where such gas is used in the open air, they must be enclosed in glass blobes and if the gas is used in or around derricks the same shall be turned off between 8 o'clock in the morning and 5 o'clock in the afternoon.

If any person violate the provisions of this measure they sall be liable to a penalty of $100, to be recovered in any court of competent jurisdiction, and suit may be brought by any citizen of the state, without security or liability for costs.

One half of the penalty goes into the school fund of the county where the suit is brought and the remainder to the person bringing the suit.

Of Interest to Dog Owners.

The senate yesterday afternoon passed a bill of considerable importance to all persons who may own a dog. It amends section 4214 of the revised statutes and is as follows:

"The owner of any such animal listed for taxation, killed or maliciously injured contrary to law, or carried or enticed away from the premises of the owner or harborer for the purpose of being killed or injured, may recover of the person so killing or injuring the same, as exemplary damages, any sum not exceeding that for which such animal stands returned for taxation. Whoever steals or entices or carries away for the purpose of stealing, or receives, buys or conceals, known to have been stolen, such animal the property of another, wit hintent to defraud, shall be guilty of larceny, to such an amount for which such animal stands returned for taxation, and punished therefor."

New Military Bill.

Representative Sterrett introduced a bill this morning which is of the utmost importance to the national guard.

It revises nearly all the laws governing the militia.

It provides that all regiments must consist of 12 companies.

The companies are made smaller so that the aggregate number of men is no larger than is at present provided.

The minimum number of men to a company is thirty-two and the maximum fifty-six.

A chaplain and assistant surgeon for each troop of cavalry are provided for and the minimum number of a troop reduced to thirty.

Section 3048 is so amended as to provide that an officer who leaves the service and then re-enters it, shall only take grade according to the date of his re-entering the service in the same rank he held when quitting it.

A provision is made that the bill shall not affect the present grade of any officer.

The term of enlistment is changed from three to five years.

Men who have served out a full term may re-enter for one year.

No enlisted man may be discharged, except on order of the commander-in-chief. The adjutant-general is required to publish in his annual report the names of all officers and men dishonorably discharged.

Section 3064 is amended so as to provide for the trial for minor offenses of enlisted men by a court of discipline, to be composed of enlisted men. There is given a right of appeal to a field officer's court.

Regimental inspection twice, instead of once a year, is provided for, and field and staff officers must assemble for inspection at least once every three months.

The senior resident officer is given absolute control of each armory.

POLITICS IN ILLINOIS

Democrats Have a Fighting Chance This Year.

Something About the Gubernatorial Aspirants.

Early Conventions and a Hot Campaign—The National Democratic Wigwam Will be Ready, Chicago Will See to That.

Chicago, April 6.—(Special)—Even the all-absorbing World's fair, and with the congressional committee right here investigating its expenditures, is a minor question to politics for the day.

The city elections were the occasion for some lively campaigning. As I predicted in my last Bee letter, the grand jury indictments returned against boodling aldermen have caught only some of the lesser offenders. The real criminals are most of them getting another term in the council instead of a term of years at Joliet. And the prosecuting attorney who has so mysteriously failed to help the grand jury out is one of the aspirants for nomination for governor by the republican party.

The fever of a state campaign will soon be felt, for both parties hold their nominating conventions early, and there is so good a chance for democratic success this year in a naturally republican state that there will be, what Phil Kearney yearned for in battle, "lovely fighting along the whole line."

Conventions and Candidates.

The democratic state convention will be held in Springfield on April 27; the republican convention in the same city on May 4. Governor Fifer is in the field to be his own successor, and the probability is he will receive the nomination. This is not quite as certain as his adherents insist. Cullom was "agin" him, but the senator will probably not be active in opposition now that he has found out what everyone but himself knew long ago, that he hasn't a ghost of a chance for the presidential nomination. Ex-Congressman Cannon—he of the loaded mouth—is bitterly opposed to Fifer, which is rather to the governor's credit. By the way, Cannon will probably again be nominated for congress this year.

Judge Collins, of this city, has a well developed boom for the republican nomination, and it will probably lie between him and Fifer, although State's Attorney Longenecker is not without hopes of catching it. Judge Collins stands well with leading German-Americans for his stand in the compulsory education issue, while Governor Fifer has invited the hostility of the Lutherans and of the foreign element generally.

It is said, too, that Gov. Fifer has entangled himself in contradictory deals, notably by the ones which take in and leave out Coroner Hertz, of this city. However, he is the leading candidate for republican honors, and has so mixed things up that whether he is nominated or passed over, there is going to be dissatisfaction in the ranks of that party which will help to give the victory to the democracy.

In a presidential-election year it requires courage for the democrats of Illinois to go into the campaign with a faith that they are going to win. If they have not this courage and faith, they are affecting it very cleverly, for there is a great deal of quiet enthusiasm found among them, as well as preparations for a campaign that shall be a fight to the finish and no weak-kneed business.

More than one trained politician insists that if Senator Palmer receives the nomination at the Chicago convention, and if the right man heads the state democratic ticket, Illinois will give a sweeping democratic majority. At the present writing it look as though the banner of the national democracy would again bear the name of Grover Cleveland. If it does no man will give more cordial and hearty support to him than will Palmer, of Illinois, and the democrats of the state will not sulk over the choice, either. Who will be their nominee for governor? As is usual with the party, there is

No Dearth of Good Candidates.

The name of Gen. Black, of Chicago, is prominently mentioned for this honor. He is a stalwart democrat; was pension commissioner under Cleveland, and is supposed to have a pull on the soldiers. He is, by the way, a brother of that Capt. Black who was mixed up in the anarchist cases. Against Gen. Black's candidacy it is urged that the only prominent office he has held was an appointive one. He has run for a number of things and always been defeated. Again, he cannot carry the support of his own county into the state convention. That has already been pledged to another candidate, Judge John P. Altgeld, also of this city.

With Judge Altgeld I had a little conversation the other day, and of course I asked this question:

"Do you expect the nomination?"

"Well, I am in the race," said the judge. "But politics is a bucket with a small bottom, you know, and it is easily kicked over."

"If nominated, what are your chances in this republican state? Do you expect to be elected?"

"Did you ever see a man running for office who didn't expect to be elected?" asked the judge in turn, with a twinkle in his eye.

These non-committal answers are characteristic of the man. I am told he is one who says little, but diligently saws wood, and the other fellows all at once find he has got the woodpile stacked up.

It was Judge Altgeld who conceived of and engineered the "Non-Partisan Ticket," which fell upon Chicago a few years ago, apparently from the clouds, and knocked out the republican ring, headed by Mayor Roche. The ticket was elected, and even the men who went into office on it didn't know where victory came from.

I am told Judge Altgeld has no superior, if an equal, in understanding how work, and not words, can carry an election. All the same he can talk, and in two languages, which may be useful in this campaign. Like Governor Fifer, he served in the late war, and as a private. On the school question he is directly opposed to Fifer. Altogether, the democrats might go farther for their nominee, and fare worse.

Other excellent men mentioned for first place on this ticket are Judge Hunter and ex-Congressman Stephenson, and with whatever name the ticket is headed, the democrats have their chance. Dissension in the republican ranks, dissatisfaction with the tariff, and the F. M. B. A. bolt, make democratic success possible.

That National Democratic Wigwam.

I observe there is some grumbling, in some sections of the country, because the wigwam for the national democratic convention is not yet started. No one need worry. It will be open for business next June. In the first place, the local democratic committee was determined to have the wigwam on the lake front, and if it be as warm next June as it can be here in June, how delegates and visitors will bless them for it. Now, the people of this city guard the lake front. It is the apple of their eye. No building has defaced it but the old exposition building, and that is now torn down. They are even unwilling to have a permanent art building there. But the wigwam is going up, and on the lake front.

It is calculated the cost of the convention, the building included, will be $50,000, and one-half of this is already raised. Does that look like not being ready? The contract for putting up the building, which will seat 20,000, will be let this week, and the work will begin not later than next week. A very capable committee was appointed at a meeting of the Cook county democracy last Saturday evening to receive the delegates and distinguished visitors. There is nothing the matter with Chicago when it comes to doing things, and doing them on time.

GAVE HILL A ROASTING

Strong Resolutions Adopted in Buffalo

Against the Methods of the New Senator.

His Past Deeds Are Not Great Enough to Allow Him to Dictate to the National Democracy.

Buffalo, N. Y., April 6.—A thousand men bearing banners and transparencies and headed by a band of music escorted ex-Secretary Charles S. Fairchild, ex-Mayor Grace and the Hon. Frank M. Thorn last night to Music hall, where were gathered 2,000 people to hear their protests against the "snap" state convention and their reasons for revolt against the alleged bossism which dictated and dominated it.

The assemblage included many ladies, some republicans and a few Hill democrats.

The meeting was practically of one mind, however, and the only dissenting voice heard was raised by a semi-inebriate individual who was promptly ejected.

Much enthusiasm was shown, particularly at the trenchant satire of Frank M. Thorne, whose pungent oratory kindled the audience to fervent heat. John Irlbacker, the president of the Erie county democracy, the new local organization formed by the Cleveland men, called the meeting to order and nominated Charles Bishop, mayor, to preside.

His honor spoke hopefully of the great movement to secure a proper representation of the democratic party at the national convention.

Ex-Secretary of the Treasury Charles S. Fairchild was made the first speaker, and he was followed by Hon. Frank M. Thorne of Buffalo; Hon. Wm. R. Grace, ex-mayor of New York, and others. They one and all denounced in the strongest language the packed midwinter convention in the interest of Senator Hill.

Hon. Frank M. Thorne was the last speaker. Referring to Senator Hill he said: "In his reckless campaigning after the nomination, he has shown himself ready to obstruct and palter with tariff reform and to tamper with the stability and honesty of the people's money, to the inevitable destruction of the democratic party and the irretrievable ruin of the business of the country.

"Within the last three months he has been for tariff reform and against tariff reform, by a revival of the republican abomination of 1883; against a 'nibbling' tariff reform, for a "nibbling' tariff reform and again against the 'nibble.'

"He has been for free coinage and against it, and has mysteriously straggled due south by north upon it. And so this burlesque political skirt dancer, cavoorts and kicks and twists and turns and bows and smirks and throws kisses at the political baldheads and tries to palm himself off as an innocent young 'thing of beauty and joy forever' and a Delsartian dream of grace, when all the while he is making an indecent exposure of himself as a political street-walker, offering himself body and soul at the low price of a vote or a delegate."

Resolutions were adopted repudiating the February convention, ratifying the call for the May convention at Syracuse, and disclaiming any purpose to injure the party. The closing resolution is as follows:

"Resolved, That whatever may have been the estimation in which Senator Hill has been held in the past by the democrats of this state, it is evident that the course he has pursued with reference to the vital issues of tariff reform and honest money; his unscrupulous political methods in this state since last November; his unseemly and disgraceful efforts to obtain the presidential nomination, and his continued and contemptuous neglect of senatorial duty, have estranged from his support nine-tenths of the democratic voters of the state, and his nomination, or the nomination of any man supposed to be subject to his influence or control, would result in the overwhelming defeat of the national ticket in the state."

HAVE COMMENCED WORK

The Huntingdon Reformatory Investigation.

The Board Promises to Look Into the Affairs of Institution, Especially the Punishment.

Philadelphia, April 6.—The state board of charities to-day continued its investigation of the charges of cruelty preferred against the management of the Huntingdon reformatory. The investigation is being conducted by the western committee of the board, of which Mr. James B. Scott, of Erie, is chairman.

In calling the meeting to order Chairman Scott read the charges that had been preferred against the institution, and said that the board would go into the investigation more fully than had been suggested in the specific charges of Senator Osborn.

When Mr. Scott had concluded, Senator George B. Orlady, counsel for Deputy Superintendent Smith, of the institution, presented a statement of figures showing in detail the extent of the punishment at the reformatory from February 15, 1889, to March 29, 1892.

This had been requested by Senator Osborn. The statement showed that the number of inmates received since the institution opened was 923; number punished 249; number receiving physical punishment, 178; number of inmates placed in separate cells in irons, 136; number of inmates placed in separate cells, 105.

Mr. Orlady then read a sworn statement of Henry Albertus, in which he refutes some charges he made at the former investigation.

Several witnesses then testified as to the bad treatment their relatives had received.

Henry C. Paine, a pioneer of Wood county, died at Bowling Green at the age of 71.

CHINA HAS HER BACK UP

Not Pleased With the Exclusion Bill.

All Diplomatic Relations to be Severed.

Believed in Washington That the Minister Will Ask for His Passports and Return to the East.

New York, April 6.—A Washington special to the Press says that it was stated last night that the Chinese minister had indicated to Senator Sherman that if the extreme Chinese exclusion bill became a law the government of China would sever all diplomatic relations with the United States.

Senator Sherman refused to say anything upon the subject when questioned in regard to the report.

Representative Hitt, who led the opposition to the bill in the house, said he had received intimation pretty directly, though of course, not officially, that in case the bill became a law, diplomatic relations between China and this country would come to an end.

He also said that there was reason to fear that the government of China, hearing of the passage of the bill by the house, would instruct its minister to ask for his passports without waiting for the action of the senate.

Representative Hitt contends that instead of Chinese flocking to this country by thousands, as has been reported, the Chinese were actually leaving the United States, 18,000 more Chinamen having departed from this country since 1889 than have arrived.

JEFFERSON DAY.

The Democrats of Ann Arbor Will Celebrate It.

Ann Arbor, April 6.—The democratic club of the University of Michigan, desirous of awakening among the students of the university a more lively interest in matters pertaining to the political welfare of the country and association, have resolved to celebrate the anniversary of the birthday of Thomas Jefferson, the brilliant exponent of true democratic doctrines and the founder of the democratic party. Concordant with this resolution the club, assisted by the citizens of Ann Arbor, will give their first annual banquet Wednesday evening, April 13.

The following speakers of national fame will be present and deliver addresses: Roger Q. Mills, U. S. senator from Texas; Don. M. Dickenson, ex-postmaster-general; Gov. E. B. Winans, of Michigan; W. C. P. Breckenridge, congressman from Kentucky; W. G. Ewing, president of Iroquois club, Chicago; ex-Congressman Geo. L. Yaple, of Michigan; Chauncey F. Black, president Democratic National clubs; Jno. C. Black, ex-commissioner of pensions; Hon. Thos. E. Barkworth, of Michigan; and Hon. Ed F. Uhl, mayor of Grand Rapids. Others who are expected are ex-Gov. Campbell, of Ohio; Hon. Henry Watterson, of the Louisville Courier-Journal; Benton McMillan, congressman from Tennessee; Hon. Frank Hurd and Hon. Allen W. Thurman, of Ohio; Benj. F. Shively, congressman from Indiana, and Congressmen Gorman, Chipman and Weddock, of Michigan.

Arrangements have been made for the accommodation of 600 guests. The hearty co-operation of the democrats of the state of Michigan and the country at large is earnestly desired, and all are cordially invited to attend. All desiring tickets can be accommodated by applying immediately to W. J. Manny, treasurer, 28 East Ann street, Ann Arbor, Michigan, and enclosing $2 for banquet ticket.

The committee in charge is composed of Frank Martin, M. E. Barnhart, J. G. Kral, J. A. Harmon and W. E. McEncroe.

A PRESIDENT IN DANGER

Another Attempt on the Life of Palacio.

Crespo Constantly Augmenting His Forces and in Shape to Win the Contest.

New York, April 6.—The Herald's Caracas, Venezuela dispatch says that another plot against the life of President Palacio has been discovered but prompt action on the part of the police has prevented its being carried into effect.

It is said the president is in constant fear of assassination and that every precaution is taken to surround him with safeguards.

The dispatch says that General Crespo is constantly receiving accessions to his ranks, and that it is the opinion that should a battle be fought between the government forces and the revolutionists, that the latter would be victorious.

"C. I. Hood & Co., Lowell, Mass.

"Gentlemen: When I was 14 years of age I was confined to my bed for several months by an attack of rheumatism, and when I had partially recovered I did not have the use of my legs, so that I had to go on crutches. About a year later, **Scrofula**, in the form of

White Swellings,

appeared on various parts of my body, and for eleven years I was an invalid, being **confined to my bed six years.** In that time ten or eleven of these sores appeared and broke, causing me great pain and suffering. Several times pieces of bone worked out of the sores. Physicians did not help me and

I Became Discouraged

"I went to Chicago to visit a sister, as it was thought a change of air and scene might do me good. But I was confined to my bed most of the time. I was so impressed with the success of Hood's Sarsaparilla in cases similar to mine that I decided to try it. So a bottle was bought, and to my great gratification the sores soon decreased, and I began to feel better. This strengthened my faith in the medicine, and in a short time I was

ONE MASS OF SCALES

Afflicted 3 Years by Dreadful Skin and Blood Disease, with Intense Pain and Loss of Hair.

All Other Remedies Fail. Relieved Instantly and Cured in 4 Weeks by the Cuticura Remedies.

I have a few words to say regarding the CUTICURA REMEDIES. They have cured me in four weeks' time from a Skin and Blood Disease which I have had for over three years. At certain times, my skin would be very sore, and always kept cracking and peeling off in white scales. In cold weather my face was one mass of scales. When in the cold air the pain was intense; it would almost bring tears to my eyes, and my blood also being in a poor condition, with a loss of hair. I have tried every known remedy that was recommended to me, but it was of no use, and gave me very little benefit. So, hearing of your CUTICURA REMEDIES, I concluded to give them a trial. The first application gave almost instant relief. In a few weeks' time I found myself cured, and I am thankful for what they have done for me. Your CUTICURA REMEDIES are a blessing to those who may have the opportunity to use them. I can recommend them to any one.

Miss Maggie Wise gives a musical and literary entertainment at Forester's hall, Weber Block, East Toledo, Saturday evening, for which a good programme has been prepared.

A meeting of the lady directors of the Hotel Industry was held yesterday afternoon and arrangements made for the disposal of the furniture. As soon as possible the ladies hope to reorganize and carry on the work as heretofore.

Mention was made in the Bee last evening of the death of W. F. Baldwin, of Mt. Vernon, who was to inspect Toledo commandery of Templars on Friday night. Eminent Commander Bigelow states that another officer will be here to do the work.

GAS EXPLOSION.

Thomas Bentley Injured This Morning While Lighting His Furnace.

This morning while Mr. Thomas Bentley, bookkeeper for John A. Waite, was lighting the furnace at his home, 141 Twenty-second street, there was an explosion of gas, and Mr. Bentley was burned about the face, but otherwise slightly injured.

CYCLING OUTING GROUNDS.

The Club Will Meet Next Monday and Take Action.

A meeting of the Toledo Cycling club will be held Monday evening, when some definite action will be taken regarding outing grounds and a racing track for the summer. At one time it was thought that they might secure the old Y. M. C. A. grounds, but it was decided that they would not be large enough for the proposed track.

REV. JOHN C. SAGE

Accepts the Call of St. Paul's, East Toledo.

Rev. John C. Sage, of Willoughby, O., has accepted the call as pastor of St. Paul's Episcopal church, East Toledo, and will officiate there for the first time next Sunday.

Rev. Mr. Sage is an excellent gentleman and a fine orator. He has also excellent ability, and the people of the East Side are to be congratulated.

HEATED COMPETITION

Results in a Law Suit Between Two Perry Street Second Hand Dealers.

In common pleas court to-day Harmon Stark sued Belia Rosencranz and Pecos Rosencranz to recover $3,000 damages for alleged slander.

The suit grows out of the animated competition which exists between the parties in the transaction of second hand business on Perry street. Stark claims that the Rosencranzs spoke despairingly of his stock and manner of conducting his business, and even went so far as to attack his veracity and honesty.

SEEKING SEPARATION.

More Matrimonial Trouble Carried Into Court for Settlement.

Two divorce suits were filed in common pleas court to-day.

Cora Peffley applies to be separated from Daniel W. Peffley on the ground of gross neglect and extreme cruelty. She also asks reasonable alimony and the custody of the child.

Eliza J. Gridley sues to be divorced from John Gridley, charging willful absence for a period of more than three years last and past. She asks reasonable relief and that she may be restored to her maiden name, Eliza J. Rennard.

METHODIST SOCIAL

Of a Union Character at St. Paul's This Evening.

The union social gathering of the Methodists at St. Paul's M. E. church this evening promises to be largely attended, and it will be one of the most enjoyable occasions of the season, affording an opportunity for the members and friends of the various Methodist churches to meet together.

The ladies of the Broadway church will furnish supper from 5 to 7:30 p. m., and lunches with ice cream and cake during the evening hours. The ladies should be helped to net a good amount for the benefit of their new church enterprise.

Besides this feature, it is likely a brief program will be observed of an entirely informal character.

ISRAELITES HAD A SCHEME

To Get Witness Fees in the Police Court.

The Israelites have long heads when it comes to making money. This is the latest. A dealer in old clothes and the like will hang a coat or some other tempting articles—maybe a shirt—in the reach of a tramp or anyone who would be inclined to take it, and then he sits down with his friends to watch the trap. At last a victim comes along, grabs the shirt, and starts off. The unfortunate is pounced upon by the Israelite and friends. The man is arrested, and when the case comes up in police court all the friends are worked in as witnesses at a dollar or so a head. It is a great scheme and has been worked to a considerable extent. However, the police court has tumbled to the racket, and the schemers will have to scheme up a new scheme.

A COSTLY VALENTINE.

Hiza Vermillion, of Jumbo, O., Arrested and Jailed.

Hiza Vermillion is the somewhat lurid name of a young man of Jumbo, Hardin county, who is in the Lucas county jail on the charge of sending and mailing an obscene missive to Miss Mary Hatfield, a belle of Belle Center, Logan county.

Hiza last February received a comic valentine, and he suspected Miss Hatfiel dof having sent it. He returned the valentine with a postscript which would not look well in print.

He was arrested yesterday by U. S. Deputy Marshal S. O. Latimer, and will have a hearing this afternoon before U. S. Commissioner Beckham.

UNIVERSITY EXTENSION.

Something of the Next Course and the Lecturer.

The next course of University Extension lectures, and the last one of the present season, will begin next Saturday evening, April 9, at the High school. This promises to be the most interesting and valuable course yet given. The lectures will be given by Prof. G. Frederic Wright, who is a distinguished specialist, and an author and magazinist of international reputation. Prof. Wright is the author of "The Great Ice Age in North America," "Man and the Glacial Epoch," "Logic of the Christian Evidences," "Studies in Science and Religion," and other well known works. He was a personal friend of Charles Darwin, Louis Agassiz and Asa Gray. Prof. Wright is, like Darwin, Agassiz and Gray, not a book scientist, but an original investigator. He has traveled over almost the entire globe with pick, hammer and camera, examining with minutest care, geological formations, and tracing the evidences of man's life and first appearance upon our planet. He will give here the same course of ten lectures which he has just completed at the Lowell Institute, Boston. The Boston Herald says, editorially: "The lectures of Prof. Wright have been the literary success of the season."

Prof. Wright's subject is, "The Antiquity and Origin of the Human Race," and Toledo people are certainly to be congratulated upon the opportunity they have before them of hearing such a distinguished scholar as Prof. Wright discuss this great subject in the light of the latest research and ripest scholarship.

SPORTING GOSSIP.

Miscellaneous Gossip Picked up for Bee Readers.

The Toledo base ball club has not covered itself with glory on its present trip, and the enthusiasm that once existed in this city is rapidly dying out. The bad work in Cincinnati and Louisville has had a tendency to depress the admirers of base ball. Newell has been injured, Campeau was reported sick and Ely had to remain in Cincinnati in order to avoid paying the Louisville club $150 on the St. Paul deal last year. On the whole the results of the practice trip so far have not been satisfactory.

Notes.

Slavin and Mitchell are out.

Toledo may win from Joliet.

Louisvilles has two captains—Brown and Pfeffer.

The Chicago Journal speaks of the Toledo team as the "Job Lots" from Maumee."

Nineteen to 1 and 22 to 4 games with Louisville will not tend to draw people to the ball park in this city.

The Courier-Journal, with a reverence for the memory of the famous Black Pirates, calls the present aggregation representing Toledo the ex-Black Pirates. Thanks, Bro Means for small favors.

The Toledo club is not making a very good showing in practice games. It will need a change or two before the season is very old, and yet it was considered as one of the most "likely" when the drawing was held at Chicago.—Cleveland Leader.

STILL UNSETTLED.

The End of the Painters' Strike is Not in Sight.

There is no apparent approach to settlement in the painters' strike. The union remains in session in Clark's hall all day, and the strike committees going in and out, but if they are doing anything they keep it very quiet.

President Parkhurst, of the Master Painters' association, says he has not called a meeting of that body, nor been asked to do so. The union notices were sent to individual employers, and the union has not addressed a communication to the association for over a year.

The employers who hire both paper hangers and painters feel that they are being unfairly treated by their men. The paper hangers have no grievance, and are not asking for an advance. But they were called out by the union to help the painters get an advance. Then firms which employ no painters signed the new scale, as they could very well do, since they are not asked to change their pay-roll. The larger firms, which employ both painters and paper hangers, are kept idle, and their paper hangers are not allowed to go to work at the very wages these other firms are paying. It is easy enough for a firm to agree to pay painters $2.50 a day when it is not hiring painters at all, and has no intention of going into that business.

Some of the union men were of opinion the strike could be settled if the bosses would agree to pay a minimum wage of $2.50 on all future contracts, and a large employer says this agreement would be made if the men would work at the old rates on all contracts already made. At the union headquarters a Bee asked a representative of the union if this proposition would be acceptable, and the answer was that if the bosses or the association would submit that proposition the union would receive it, but he could not say what action would be taken.

There are some individual members of the union who are doing the cause no good, and who should be suppressed. They are altogether too fresh.

FOUND NOT GUILTY.

Rev. Dr. King Squared Before His People.

New York, April 6.—(Special)—Rev. Dr. King, foremost Methodist Episcopal clergyman of New York city, has been undergoing trial, charged with writing anonymous and scandalizing letters, involving a number of Methodist ministers.

The New York conference found him not guilty, and exonerated him by unanimously appointing him delegate to the general conference in Omaha.

The anonymous letters show intimate knowledge of the inside history of men and means in church connection, and who wrote them is still the unsolved mystery.

To-day is the day in Rhode Island. The little one hasn't been so much in the eyes of the country in many a year.

To hear again the slogan "Blaine will not refuse" is to become the hopeless and helpless victim of "that tired feeling."

Senator Hill may himself come to the conclusion that he sprung his convention too early in the year. Buffalo had a big Cleveland blow-out last night.

An exchange says, "Now is the season of the year to preach the gospel of fresh air." Here on the Maumee it is the season when one gets so much fresh air one has no breath left with which to preach about it.

It has been discovered that the sentence of Murderer Almy, whose atrocious crime will be remembered by all readers, is technically illegal, and it is possible he may go unpunished. This is the sort of thing that makes lynching popular.

Senator Quay's canvass goes merrily on. Another batch of counties has instructed delegates to vote for his renomination. This is proper and consistent. There is no better exponent living of all republicanism stands for to-day than Matthew Stanley Quay of Pennsylvania.

And those pious republicans who stood with battle-ax in hand to slay the obstructer of legislation, however iniquitous it might be, are now filibustering to prevent a vote on Springer's free wool bill. If it be true that to lay hands on the sacred high-tax law will blast whomsoever does it, why don't they let the democrats lay on?

Jewish exiles are being driven backward and forward across the German frontier, and on both sides the line fever and diphtheria are decimating their distressed ranks. What a saddening scene is this for the rest of the civilized world to look upon, and yet the sentiment is growing in every land that these unfortunates are not desired as additions to its own citizenship.

The decision of the Dominion government as to rates on grain passing through the Welland canal discriminates against American shippers. This is an old grievance, and has long been subject for negotiations between Washington and Ottawa. The Canadian ministers pursue the same course this year, and the jingo administration is too busy with fighting windmills to redress this real and grievous wrong.

Our eastern exchanges speak with high praise of ex-Gov. Campbell's addresses in Rhode Island, and as a possible candidate for second place on the ticket nominated at Chicago the opinion concerning him is that no better man could be chosen. The Boston Sunday Globe said: "If victory rests with the democrats of Little Rhody next Wednesday, ex-Gov. Campbell will be entitled to a considerable share of the credit."

The New York Telegram says of the presentment returned by the grand jury last week, and which was based largely upon the testimony of Rev. Dr. Parkhurst, that "it is virtually an indictment of this city's entire police force." The Telegram further says that "very large bodies of citizens have long entertained the convictions which this grand jury has put into words." The question now is, Will prosecutions and convictions follow?

Andrew Carnegie announces that he is anxious to spend all his $30,000,000 wisely before he dies, and his admirers assert the truly good man is sincerely distressed because, with all his generosity, he cannot now dispose of his income. If Mr. Carnegie will be just before he is generous, and readjust the scale of wages so that his workmen shall receive an equitable proportion of profits, he will find that income of his so far reduced that he will have much less cause for distress.

All Europe anxiously watches the movements of the erratic Emperor of Germany. It is always impossible to forecast what he will do or say next, except that it will be something bizarre and impolitic. Now that his physicians have advised him to make a summer trip to Norway, there is a general feeling that it is for Europe's peace to have him go. As one cynical correspondent puts it: "Harpooning whales is a more tiring amusement than killing miaisters, but it is less perilous."

The remarks of the fellows who get left are always interesting. To those who witnessed the hustling of the faithful, in season and out of season, it is amusing to read, in their organ, that the cause of republican defeat was "apathy among the republicans" and the "great number of stay-at-home voters," of that political persuasion. Granted this were true, how does it help the matter? The apathetic voters thus expressed their disgust, and their willingness to see their own unworthy crowd defeated.

Walt Whitman was a more consistent politician in some respects than he was poet. Of the doctrine of protection he said:

My feeling is that the attempt at what they call protection, and all that goes to boost up, and wall up, and wall out, and protect out (I feel it deeply and the older I live the stronger I feel it), is wrong, and that one feeling for all, extreme reciprocity, and openness and free-tradeism, is the policy for me. And I not only think that it is an important item in political economy, but I think it is the essential social ground-work away down—the solidarity of the common people, and of all people.

That was a pleasant spectacle the house of representatives afforded, when Chairman Springer, of the ways and means committee, left his sick bed to make the closing speech in favor of his free wool bill. All business was suspended while shouts of welcome and applause from friends and antagonists greeted the man who had come from the very jaws of death, sustained by an indomitable will and devotion to the great principles at stake, to make one more plea for the right. Since Mr. Springer was, after all, too ill to speak, it must have given him both pain and pleasure to listen to his written words, as read for him by Mr. Bryan, the new orator of the house. The friends of good government will hope that on future occasions the sturdy Illinoisan will yet lead many a debate.

Rain fell in torrents in Bloomington, Ills., on Monday last, but it did not prevent the women of the town from turning out to exercise the privilege of the ballot, for the first time conferred on them. It was a school board election and out of 3,000 votes cast, the women cast 1,200. And yet, strange to say, the members of the board elected are those who are pledged to substitute a man for school superintendent in place of the maiden lady who has acceptably filled the position for eighteen years, and to select men for principals of ward schools in place of women.

Now let the farmers of this country ask those high-tax protectionists who rejoice their hearts in the belief that the McKinley law has turned thousands of old world laborers out of employ, where is the benefit in starving one's customers? The farmers of this country must sell their produce at low figures, or give it outright to the hordes of impoverished ones in Europe. Look abroad, ye agriculturists, and discover, if you can, what benefit this law, which has advanced the price of your carpets, blankets, tin, iron, crockery, agricultural implements and woolen goods, has been or is likely to be to you?

The Minneapolis Irish Standard puts out a national ticket as follows: "For president, Grover Cleveland, of New York; for vice-president, Philip B. Winston, of Minnesota." Mr. Winston, "a broad-gauge American," is the present mayor of Minneapolis, and as for the state claim to second place on the ticket the Standard says:

The democracy of the North Star state does not acknowledge the superiority of any state in the Union over Minnesota. New York, Massachusetts, Illinois, Iowa or Nebraska may have favorite sons who deserve well of the nation, but it is also emphatically true that Minnesota is not childless when political recognition is justly demanded.

THE OFFICE SITUATION.

Many well meaning citizens are discussing the propriety of taking advantage of the victory gained in the city election of Monday. It is to be assumed, by reason of the vote by which the democratic party was given control of the municipal government, that approval was announced in favor of a change in the character of the legislation from which Toledo now is and has been suffering. This, of course, can be effected in many ways, but especially in the refusal to pass the ordinances for all manner of things which are presented from time to time.

But as to the present city officers. There is no necessity to make complaint on the score of ability. This is not the point involved. Each one of the gentlemen now holding position is there because of the action of a republican caucus, in which no consideration was paid to the democracy.

When the republican party gained control of the council boards six years ago, a staff of democrats was found in the various offices, but it took but a few hours to relieve them. In the auditor's office Mr. A. G. Clark had performed duties never attempted by his predecessors, and had arranged a system of reform in the management of the financial department that was refreshing. His re-election was advocated in the interest of the people, but the history of the time makes record of the fact that he was retired in quick order.

Judge MacGahan was city clerk, and a better one could not be found. He was displaced. John R. Miller was city civil engineer; in due time the present incumbent, Mr. Wickenden, assumed control; Ezra Harnit was infirmary director, and Capt. Higgins harbor master. Wm. Kirkby and Capt. James McNelly were chosen by the caucuses. Not a reflection was possible on the gentlemen who were in office, but they were democrats, and, with that celerity of movement for which the republican party is noted, were removed to give place to some of the officers who now want to retain the positions secured at the time.

The views of the Bee on the subject of the offices were fully expressed yesterday, and the advice given can only be repeated with emphasis. The golden rule may, in the present condition of things, be paraphrased thus: "As others do unto you, do ye even so unto them."

THE CHINESE QUESTION.

The house of representatives, after briefest discussion, and with only forty-three dissenting votes, has passed the Chinese exclusion bill. It provides most rigidly for the exclusion of all Chinese, whether subjects of China or not, diplomatic and consular officers and their servants alone excepted. A lesson has been taken from previous failures of law, to the same end, and should this bill become a law not even the subject of any other foreign power, if of Chinese birth, can be admitted to this country. The smiling and bland, but persistant, native of the Celestial kingdom can no longer steal over the Mexican border, or take out naturalization papers as a British subject and cross the northern line openly three days later, as a number of Chinamen did a week ago.

The question now becomes an international one, and has serious bearings. Not the least of these is that the enactment of this bill into law nullifies existing treaties. The exclusion act of 1880 practically did the same thing, but as it was more loosely drawn this was not so sharply defined. Again, the attitude of the Chinese government is now more resolute than it has before been, and its general suggestion is that reprisal will be taken which will destroy whatever interests Americans have in the Celestial kingdom; that the cry will be raised in China "Americans must go." A petition bearing four hundred thousand signatures has been presented to the emperor, from Chinamen now in this country, through a merchants' guild in Hong Kong, asking that this course be taken. The petition says:

"The spirit of trade and commerce has caused many of your children and most devoted subjects to leave, for a short time only, the Heavenly Land of the Celestial Kingdom. There have been and still are, as Your Majesty must be well aware, numbers of Your Majesty's subjects in the foreign land of western foreigners, that is to say, in America. It is we who reside in America that now come to present our most humble respects to Your Imperial Majesty."

It further recites that these thousands intend in due time to return to the land of their homes and of their birth; that they try to aid "the foreigner" to get rich by their labor and industry; that other foreigners acquire equal rights with native Americans, from which the Chinaman alone is debarred, and immediately these "foreign aliens" acquire citizenship they "combine together with a view of persecuting the Chinese race." The reasons why these peculiar people are not tolerated in the United States are too well known to need recapitulation. Their detrimental effect upon industral conditions was the determining factor in their exclusion. There is a moral question involved that is even more important. That they come "for a short time only" is another not unimportant reason for rejecting them. We do not want the Chinese in this country, and we cannot keep them out except by measures we are really not very proud of taking. Yet it looks now as though we will take this course, with all its consequences.

WHERE THE SHOE PINCHES.

The Blade recapitulates thus—

There are a number of fat places—for democrats. City auditor, worth $2,500 a year, three assistants; city civil engineer $2,500, with almost unlimited power, being able to hire dozens of assistants; city clerk, $2,200, with one deputy; harbor master, $800; infirmary director, $1,200; and other small jobs, including the election of a sidewalk inspector. In all, it means about 50 or 60 people. The harbor master hires many bridge tenders and watchmen and the patronage of the office is very large—

And groans in agony of spirit. Its party knows the full benefit of all these perquisites and possibilities.

NOTES HERE AND THERE

On the Little Tilt Now On for Municipal Honors.

Harry Dowling's friends have him entered in the race for city clerk.

Capt. John Conners feels he would be just the man for harbor master.

Ex-Councilman Pheatt's friends claim he has the auditor's office treed.

L. W. Morris will likely be the republican nominee for the council presidency.

There appears to be no lack of candidates for any of the offices to be filled by the council.

Councilman Gill is also talked of as a candidate for president of the council. He would make a good one.

James W. Daly, a brother of Councilman Daly, is named as a candidate for city clerk, as is Gilbert De Haven.

Louis Steuer has been switched off, it seems, from the contest for the harbor master's berth to that of infirmary director.

City Clerk Durian informed a Bee that, in company with Jim Faskin, his assistant, he would manage an ice wagon the coming season.

There is no talk as to the vice-presidency of the council board, nor is there likely to be any until the first positions are agreed upon.

It is said that Councilman Neuendorf is attempting to dictate to Police Clerk Leibius who shall be his deputy. There is some gall about this.

One of the boards, probably the councilmen, will organize Monday evening, and the other Tuesday. A joint session will follow within 24 hours after organization.

Members of the new city council are enjoying the pastime of getting acquainted with members of the democratic party, who are in quest of some of the plums to fall from their gift.

Alderman Huberich is mentioned as one who would grace the presidential chair, as is also Mr. Hodge, of the Seventh. Any of the democratic aldermen would make a first-class president.

Mr. M. C. Sullivan, chairman of the democratic city committee, authorizes the Bee to say that he it not a condidate for city clerk or any other office in the gift of the council, notwithstanding any statement to the contrary.

Ex-Humane Agent Myron Cole desires to be considered as an applicant for the position of infirmary superintendent. His friends claim that he gained experience as humane agent which would make him an exceedingly valuable official. Of course, it goes without saying that he is a democrat.

Mr. Malcolm E. Williams is an applicant before the democratic council caucus for the position of city civil engineer. Mr. Williams was formerly connected with the department under Mr. Crane and made the race against Jerome Stratton for county surveyor when Lucas county was more determinedly republican than at present.

HANDSOME BUSINESS BLOCK

To Go Up on the Site of the Toledo Transfer Barns.

Mr. George W. Davis Figuring on the Plans for a Fine Business Block on Madison Street.

Mr. Geo. W. Davis owns the tract of ground on which the Toledo Transfer campany's stables are located and he is figuring now on erecting on the site a handsome business block.

The five years' lease of the ground expires this summer and the stables will be torn down and a four or five story structure erected.

A prominent furniture firm has agreed to lease for a number of years the entire ground floor for retail and wholesale business. The upper stories will be used for office purposes.

The location is an excellent one for a business block. The lot is 60 feet on Madison street and runs back 150 feet.

Mr. Davis, speaking with a Bee this morning said he had done nothing definite as yet, but thought the location a good one for a business block and he would probably erect one on the site.

The lease, he said, expires this year and inasmuch as a business firm offers to rent the entire ground floor he thought he would build.

CURRENT COMMENT.

A plain Yankee farmer in Providence last Saturday evening is reported to have asked the following question: "If this ere little political skillet, Rhode Island, can get so red hot in April that they have to call in all the big cooks in the country, what will it be next fall, when the big 65,000,000-gallon kettle gets to boiling?"—Boston Globe.

The following resolution regarding the death of Engineer Grauff was adopted:

Whereas, The All Wise Father, in His inscrutible wisdom, has seen fit to remove from his earthly sphere of usefulness, J. A. Grauff, who for over thirteen years has been the chief engineer at the Toledo Water Works Pumping station. Therefore be it

Resolved, By the trustees of the Toledo Water Works, that in the death of Adam Grauff the city of Toledo and the water works department in particular has lost a most faithful, conscientious and skillful employe and that Toledo has, in the death of Adam Grauff, suffered the loss of a most excellent, honorable, conscientious and honest citizen. During the entire period of Mr. Grauff's connection with the water works department of the city he has been not only honest, faithful and industrious in the discharge of every duty, but has brought to the discharge of his duties a pains-taking skill and watchfulness over the interests of the city seldom equalled if ever excelled; that we sincerely lament his death, not only as a trusted employe of the board, but as a most honest, upright and honorable citizen.

Resolved, That we tender our heartfelt sympathies and tender consolation to his sorrowing widow and hope and trust that her deep affliction and sorrow may be assuaged by the recollection that her departed husband has left behind him an honorable name and a record of a well-spent life.

Resolved, That a copy of these resolutions be furnished his widow and published in the daily papers and spread upon the minutes of the proceedings of the trustees.

CHARGES OF FRAUD.

New York Police Suspected of Being in League With Vice.

New York, April 6.—The interview with Henry M. Taber, foreman of the March grand jury caused something of a sensation in police circles. That a foreman of a grand jury, caused something of a sensation the statement that "there is at least $7,000,000 collected annually from the keepers of gambling dens, saloons, concert halls and houses of ill-repute and distributed among the members of the police department" fell like a bomb in times of peace.

Inspector Williams was seen this morning and asked in reference to Mr. Taber's charges. The inspector waxed wrathy over the implied and direct charges. He said: "It is all nonsense that any man in this city can be intimidated through fear of the police to withhold facts from a grand jury. If there is bribery or corruption why don't the grand jury indict instead of throwing out innuendoes? I am willing to stand an indictment, as I can prove my innocence at any time. Let them come right out and give us a chance to vindicate ourselves. Nobody's life will be in danger, not even Taber's."

NEW YORK GERRYMANDER.

The Bill for New Congressional Districts Passes the Senate.

Albany, N. Y., April 6.—The bill providing for an apportionment of the counties of the state into new congressional districts passed the senate last night.

The democratic leader, Senator Cantor, replying to criticisms of the bill, said the new arrangement was a fair one, whereupon Mr. Sexton said that he had examined it and found on the basis of the last congressional vote that 21 districts would be democratic and 13 republican.

The basis of the representation would be 176,000. Of the 21 democratic districts 17, or 80 per cent, contained less than 176,000. The average population of the democratic districts was 172,000, and of the republican districts 183,000. This did not look very much like fairness.

IN FEAR OF FLOODS.

Salamanca, N. Y., April 6.—Old raftsmen predict that this spring will witness the greatest floods ever known in the history of the Allegheny river. They say that from President, below here, to the head waters of the Allegheny on either side and extending for miles back into the country, the ground is covered with from six to 20 inches of snow. When a warm spell strikes this great water shed the dwellings and mills on the banks of the river will be swept from the face of the earth.

NO TRACE OF LITTLE EDNA

Mark Callahan Searching for His Daughter.

A Tramp in Jail Who Is Suspected of Being the Man Who Stole the Child.

Cleveland, O., April 6.—Mark Callahan, the father of the missing Edna Callahan, called at the Central police station and held a long conference with the officials.

The object of his visit was to get a view of the tramp, McAllister, whom he has not yet seen. The tramp was taken into a private room where he was questioned by Callahan. McAllister repeated his denial of ever having been in the Callahan saloon, and was presently led back to the prison. Callahan said to a reporter:

"Until I saw that villainous face and heard its owner deny all knowledge of the loss of my little girl, I had doubts as to his connection with the case. When he is positively identified as the man who was thrown out of the saloon and then says he was not there, I begin to think he knows more about where the girl is than he wishes to tell.

"When I first saw the footsteps in the sand and saw how small they were, I said to myself that it could not be a tramp who made them, for a tramp's feet would be naturally large and broad. This fellow's feet are not at all large, and from all that I can discover, would probably fit the tracks perfectly. I know that the smaller footprints are those of little Edna because one of the soles of her shoes was worn and patched and made a peculiar mark.

"The two sets of prints ran along in the sand side by side with those of the dog for some distance, and then her's ceased as though he had lifted her from the ground to carry her up the bank. The footprints of the dog and man continued as before.

"We have dragged the lake again to-day from opposite the point where the footprints disappeared to Hoyt avenue, and the whole lake front in that locality has been searched over. A kind friend has offered me the use of a horse and carriage for a month so that I can the easier look up every clue."

Callahan also visited Director Gibbons, and was again assured that the police department is making every effort to find the missing child.

IN THE SPRING!

In the vegetable kingdom, the sap or vital fluid rises from the roots to the trunk and branches, producing leaf and flower. So in the human family, the change is as great, for the blood, if not in good condition, must throw off its impurities. In this it is necessary to assist nature, and nothing is so good to

CLEANSE THE BLOOD

as Swift's Specific. It helps nature to relieve the body, and at the same time tone it up.

Mr. RALPH ELKINS lives at Marionsville, Mo., and is a successful farmer. He says that he has been a great sufferer from impurities of the blood, which made his limbs stiff and gave him pain in the lungs, but that he took Swift's Specific and it soon relieved him entirely.

When the bids have been examined, and the award made according to law, all monies or checks deposited as guarantees shall be returned to the depositor, or held by the city auditor subject to his call except that of the successful bidder, which shall be held and considered, and accepted as part payment of the bonds so awarded or sold, but should there be any repudiation of the contract or agreement, or refusal to accept and pay for the bonds so sold, then and in that case the deposit shall be forfeited to the city of Toledo, and shall become the property of said city, in compensation for loss and expenses attending the sale of said bonds and as liquidated damages for repudiation of bid. And no bid will be received if not accompanied by money or check aforesaid.

General O. O. Howard is preparing to write a life of President Zachery Taylor, and has been at work for nearly a year gathering material therefor. Recently he was in Louisville, where he went to consult General Thomas Taylor regarding the disputed date of "Old Rough and Ready's" marriage. A St. Louisan recalls a joke that was perpetrated on General A. McD. McCook when he was commandant at Ft. Levenworth. At a banquet of the Loyal Legion General McCook, in response to a toast, gave the assembled company a temperance lecture that chilled even the glasses on the table. The next toast was responded to by Gov. A. J. Smith, who said: "You have heard McCook's temperance lecture, and now I will tell you how he makes a mint julup." And he proceeded with a circumstancial description of McCook's skill as a mixer that convulsed the banquet with merriment.

WANTED---A CORRESPONDENT.

"Oh, Sue, do come here," cried Helena Royal from the garden steps.

Sue sat on the piazza in a low rocker, lazily watching a pair of robins building their nest in an apple treee near by.

"If you want me, sister, you will have to come to me, for I'm positively too lazy to move. I've just been wondering what gallant soldier lad would wear these socks after they are made, if they ever do get finished, which I rather doubt."

Seeing that she was quite determined not to leave her chair, Helena came up from the garden. At first glance you saw a very handsome, dignified girl of about 20, with dark-brown hair and eyes, but looking into her eyes you could catch an expression of fun and daring strangely at variance with her stately bearing.

She was a petite blonde, plump and rosy, and, although two years older than Helena, looked the younger, but Helena's will was the stronger and she generally led in everything.

As she came and stood by her she saw that she held a newspaper in her hand, and seemed excited.

"Listen, Sue," she said, and began hurriedly to read aloud:

"An officer in the Union army desires a lady correspondent. Must be of good family. Address Lieut. Felix, Company D, 49th Regiment, Nashville, Tenn."

The next day's mail carried a letter to Lieut. Felix. It was speedily answered, and a regular correspondence began, in which Helen was soon quite absorbed.

The lieutenant wrote brilliantly and painted army life so vividly that Helena, reading his letters with flushed cheeks and flashing eyes, felt as if she was by his side in the midst of those stirring scenes.

But "war and war's alarms" were not the only topics which these two correspondents discussed. Words of love soon crept into the letters, and after a year's correspondence Helena announced to her sister that she and Lieut. Felix were engaged.

On Christmas day a large package came for Helena which proved to be a portrait in oils of her intended. He had a frank, open countenance, at once gentle-looking and brave, and Sue gave a sigh of relief as she looked at it.

Early on the evening of the new year, Sue, who was dressing in her own room, heard a noise in Helena's room as of something falling, followed by a scream.

Rushing in she found Helena sitting on the floor, rocking herself to and fro, holding Lieut. Felix's picture in her arms.

"Oh, Sue," she moaned, "he is dead! I know he is dead! See this cruel cut on his forehead!"

The picture had fallen from the wall, and, striking a corner of the stand under it, a long, sharp cut had been made, extending diagonally across the forehead. Sue began to laugh at her fears.

"Get up, Helena, and don't be so foolish," she urged. "Just because the nail was loose and the picture fell is no sign that your lover is dead. Do get up and be sensible!"

It was some time before she succeeded in quieting her and induced her to lie down.

But Sue, as well as Helena, became greatly alarmed when two long weeks passed and no word came from the lieutenant.

Almost three weeks after the accident to the picture the girls were sitting in their parlor working, Sue on the inevitable army sock and Helena listlessly winding some yarn for her.

Suddenly she glanced out of the window and saw a man coming slowly up the snow-covered path. He leaned upon a cane as if he needed its aid, and a handkerchief was bound across his forehead.

As he drew nearer Sue exclaimed: "It is Lieut. Felix." Helena sprang to the window as white as a snow wraith.

"It is his ghost!" she cried, sinking down upon her chair and turning faint.

"Nonsense, ghosts don't walk in open day," said practical Sue, and in another moment Helena Royal was in her lover's arms.

Whether it was only a strange coincidence or a mysterious warning sent to apprise Helena that he was wounded will never be known; but the same hour that his picture fell Lieut. Felix received a deep cut upon his forehead from a sword during an engagement exactly similar to that made upon the picture.

Before he was able to return to his regiment he had induced Helena to marry him.—Boston Globe.

38 & 40 W. Gay St., one block N. of State House, Columbus, O. Incorporated, 1886. Capital, $300,000.

DRS. FRANCE AND OTTMAN, of New York, the well known and successful Specialists in Chronic Diseases and Diseases of the Eye and Ear, on account of their large practice in Ohio, have established the FRANCE MEDICAL INSTITUTE, where all forms of Chronic, Nervous and Private Diseases will be successfully treated on the most Scientific principles. They are ably assisted by a full corps of eminent Physicians and Surgeons, each one being a well known specialist in his profession

CANCER positively cured without pain or use of the knife, by a new method.

IMPORTANT TO LADIES.—DR. FRANCE, after years of experience, has discovered the greatest cure known for all diseases peculiar to the sex. Female diseases positively cured by the new remedy, OLIVE BLOSSOM. The cure is effected by home treatment. Entirely harmless and easily applied. Consultation Free and Strictly Confidential. Correspondence promptly answered.

YOUNG MEN.—Who have become victims of solitary vice, that dreadful and destructive habit, which annually sweeps to an untimely grave thousands of young men of exalted talent and brilliant intellect, may call with confidence.

DRS. FRANCE AND OTTMAN, after years of experience, have discovered the greatest cure known for weakness in the back and limbs, involuntary discharges, impotency, general debility, nervousness, languor, confusion of ideas, palpitation of the heart, timidity, trembling, dimness of sight, or giddiness, diseases of the head, throat, nose, or skin, affections of the liver, lungs, stomach, or bowels—those terrible disorders arising from the solitary vice of youth—and secret practices, blighting their most radiant hopes or anticipations, rendering marriage impossible. Take one candid thought before it is too late. A week or month may place your case beyond the reach of hope. Our method of treatment will speedily and permanently cure the most obstinate case, and absolutely restore perfect manhood.

TO MIDDLE-AGED MEN.—There are many from the age of 30 to 60 who are troubled with frequent evacuations of the bladder, often accompanied by a slight burning or smarting sensation, weakening the system in a manner the patient cannot account for. On examination of the urinary deposits, a ropy sediment will be found, or the color will be a thin or milkish hue. There are many men who die of this difficulty, ignorant of the cause, which is a second stage of seminal weakness. We will guarantee a perfect cure in all such cases, and a healthy restoration of the genito-urinary organs.

DISEASES OF WOMEN.—We have a special department, thoroughly organized, and devoted exclusively to the treatment of diseases of women. Every case consulting our specialists, whether by letter or in person, is given the most careful and considerate attention. Important cases, and we get few which have not baffled the skill of all the home physicians) have the benefit of a full council of skilled specialists. In treatment of diseases peculiar to females, [illegible] has been marked, over two-thirds of our [illegible] ng ladies, old, young, married, sing[illegible]ar. Our method is entirely free from obje[illegible]e features of the general practitioner, namely, "Local treatment." We seldom find it necessary. We prepare remedies, constitutional and local, as the case demands, and instruct ladies how to treat themselves.

MARRIAGE.—Married persons, or young men contemplating marriage, aware of physical weakness, loss of procreative powers, impotency, or any other disqualification, speedily restored.

PRIVATE DISEASES.—Blood Poison, Venereal Taint, Gleet, Stricture, Seminal Emissions, Loss of Sexual Power, Weakness of Sexual Organs, Want of Desire in Male or Female, whether from imprudent habits of youth or sexual habits of mature years, or any cause that debilitates the sexual functions, speedily and permanently cured. Consultation free and strictly confidential. Absolute cures guaranteed. Medicines sent free from observation to all parts of the United States.

EPILEPSY, OR FITS.—Positively cured by a new and never-failing method. Testimonials furnished.

FREE EXAMINATION OF THE URINE.—Each person applying for medical treatment should send or bring from 2 to 4 ounces of urine (that passed first in the morning preferred), which will receive a careful chemical and microscopical examination, and if requested a written analysis will be given.

Delays are dangerous. No experiments or failures. Parties treated by mail or express, but where possible, personal consultation is preferred. Curable cases guaranteed. No risks incurred.

☞Cases and correspondence confidential. Treatment sent C. O. D. to any part of U. S. List of 130 questions free. Address, with postage, DR. FRANCE. Nos. 38 and 40 W. Gay St., Columbus, O.

RAH! RAH! FOR CORNELL

The Jub-Jub Bird and the Fal-lals Got In Their

Work Last Evening at Wheeler's—Some of the Songs Sung by the Boys—A Successful Concert.

In days of old in Merry England it was the custom for the blooming mummers—a mummer is an actor—to secure patronesses in the provincial town where the heligant haggregation 'eld hits blarsted performances. In accordance with this honored custom the following ladies acted in the capacity of patronesses in the event of the appearance of the Cornell Glee Banjo and Mandolin clubs at Wheeler's last evening:

Mrs. W. A. Gosline, Mrs. T. C. Rowland, Mrs. F. B. Swayne, Mrs. F. J. Reynolds, Mrs. W. H. H. Smith, Mrs. F. B. Shoemaker, Mrs. Rathbun Fuller, Mrs. Chas. L. Reynolds, Mrs. Robinson Locke, Mrs. J. B. Ketcham 2d, Miss Mott, Mrs. J. H. Doyle.

The Cornell boys had been here before, and consequently their manifold good points were known to many who related the fact to many more, and so of course the opera house was filled to overflowing. Geo. Mills, F. H. Smith, Ralph Holbrook, Ed F. Wheeler, and R. J. West acted as ushers.

The glee club contains some good voices, in fact it contains no bad ones. The twelve-story tenors, with Mr. Darling soaring upwards like a steeple, occupied the extreme left of the line, while the sub-cellar bassos groaned and roared and thundered out the basement notes on the right—the whole thing joined together by a bevy of baritones who mades the connection and blended matters like the colors in a solar spectrum. Then they sang such songs as—

There was a bee-l-e-l-e,
Sat on a wall-l-all-l-all:
And he could buzz-l-uzz-l-uzz
And that was all-l-all-l-all.

And this:—

Then sing as Martin Luther sang,
As Doctor Martin Luther Sang,
Who loves not wine, woman and song
He is a fool his whole life long.

And this:—

On a little piece of wood
Mr. Spikky Sparrow stood;
Mrs. Sparrow sat close by,
A-making of an insect pie
For her little children five,
In the nest and all alive,
Singing with a cheerful smile
To amuse them all the while.

Twikky wikky wikky wee,
Wikky bikky twikky tee,
Spikky bikky bee!

And this, a Japanese serenade:—

The moonlight wanes to the jub-jub bird,
And the fal-lals lightly, lightly sing.
The crushing voice of the dole is heard,
And the tit-wits ting-a-ling;
In the misty depths of the far above,
The starlets, starlets blink in blue.
They wink and think but of you my love,
They dream my love of you.

And this:—

Were the Atlantic Main,
Billows of bright champagne,
Would I a whale might be
Bathed in the foaming sea.

The playing of the mandolin club, of which W. G. Smith, of this city, is leader, was finished, artistic and most enjoyable. The banjo playing was also good, in fact they proved that the banjo was worthy to rank with the higher order of musical instruments. However, this don't make sinless the man who is trying to learn next door.

Nelson Macy made a decided hit in his songs and dialect imitations. He was recalled five times. Encores were numerous throughout the evening, and every one was satisfied that the Cornell boys know well how to entertain. There is one thing sure, and that is that they will always be warmly welcomed in Toledo.

After the performance a reception was tendered them at the residence of Judge J. H. Doyle. It was a most brilliant and enjoyable affair.

Mr. and Mrs. Doyle and Miss Bessie received the guests. Mrs. Doyle was becomingly attired in a blue silk with black lace garniture. Miss Doyle was pretty in red and white, college colors. The decorations were beautiful and were arranged by Mrs. Suder. Elegant refreshments were served during the evening, after which dancing was enjoyed until the we' sma' hours. Among those present were the Misses May Russell, Ana Franklin, M. Cushing, Nettie Campbell, Eva Bond, Eva Taylor, Marie Suydam, Jessie Brown, Daisy Bullard, Georgiana Dodge and guest, Miss Perkins, Miss Hamilton, Mr. and Mrs. C. Bond Lloyd, Mr. and Mrs. H. Chapman and Messrs. Malcolm Russell, Ed. Witker, George, Bob and Wink West, Fred Gibsone, Harry Cushing, Joe Scott, J. Secor, Ralph Wickham, Ralph Holbrook and George Mills.

A VALUABLE REMEDY.

Brandreth's Pills purify the blood, stimulate the liver, strengthen the kidneys, regulate the bowels. They were introduced in the United States in 1835. Since that time over sixty millions of boxes of Brandreth's Pills have been used.

This, together with thousands of convincing testimonials from all parts of the world, is positive evidence of their value.

Brandreth's Pills are purely vegetable, absolutely harmless, and safe to take at any time.

CLUBS AND SOCIETIES.

Home Aid Association Spells Down.

Union of Unions Meets To-morrow—Colloquial Club Friday—Other Mention.

The Home Aid association at their regular meeting, at Odd Fellows' temple last night, initiated one new member and balloted on the applications of three more, electing them to membership. After the routine business was disposed of a spelling school was conducted, about thirty of the members taking part. The first prize, a very handsome pocketbook, was won by Mrs. Wilcox, and the second, an olive dish, was awarded to Miss Ena Ledyard. The booby prize was a pair of Japanese dolls, and as the winner refused to accept them they were auctioned off to the highest bidder, and the proceeds turned into the treasury. The next meeting will be held on Tuesday evening, April 19.

The April meeting of the Union of Unions will be held with Leavitt W. C. T. U., in the Lagrange Street Congregational church, opening at 2:30 o'clock; take the Cherry street car marked Lagrange.

Mrs. Fray's paper before the Colloquial club on Friday afternoon will be upon "The Industrial Development of Women," the executive committee will submit a change of program for the rest of this season, and the meeting promises to be an interesting one.

MARY'S SPRING GOWN.

Mary Thompson is one of Toledo's bright girls. Some time ago her mother said, "no new clothes this year, dear, hard times." Yet a new dress was one of her birthday presents. But all's not new that looks new, for this dress was a made-over one, dyed with Diamond Dyes. "Home-dyeing is easy work," says Mrs. Thompson, "when Diamond Dyes are used."

AT THE TOLEDO THEATERS

She Couldn't Marry Three To-Night.

Sol Smith Russell Will be at Wheeler's Saturday Evening in a Poor Relation.

Lillian Kennedy, the charming English soubrette, will appear at Wheeler's this evening in a play that has received favorable comment wherever it has been presented, She Couldn't Marry Three. She will be supported by an excellent company and the piece will be staged with elaborate scenery and startling mechanical effects. The company carries all its own scenery.

Sol Smith Russell.

The more one sees of Sol Smith Russell the more does one become enamored of his art. It is so true, so free from conventionality and clap-trap of any kind. He never strikes a false note to mar the harmony of his embodiments. Mr. Russell's impersonation of Noah Vale in "A Poor Relation," is one of the best things to be seen on the American stage to-day. It is something unique and impresses the spectator with the idea of entire comicality. There are also movements of pathos such as are made known in Jefferson's "Rip Van Winkle." Over all there is the steady radiance of a bright and sunny nature. The whole picture he presents is one of dainty humor flecked with strands of tender pathos. Mr. Russell will be seen at Wheeler's opera house Saturday evening, supported by Anna Belmont of this city and an excellent company.

Mr. Barnes of New York.

Mr. Barnes of New York will be presented at Wheeler's Monday and Tuesday evenings. The piece, like the novel, is a strong one and will be presented by Frank Sanger's company, whose name assures a good performance. The scenic effects will be on a grand scale.

A BOON FOR ALL.

If you are sick and have not been helped why do you not write a full description of your case to the great specialist in curing nervous and chronic diseases, Dr. Greene, of 35 W. Fourteenth street, New York, known everywhere as the discoverer of Dr. Greene's Nervura, and who is without doubt the most successful physician in the cure of all long-standing complaints?

Consultation in all cases is entirely free, personally or by mail. Thousands consult him by letter, and he returns an answer to all perfectly explaining their diseases, giving advice, etc., without charge.

His success in curing diseases by his marvellous vegetable remedies is simply wonderful, and he has made a specialty of the cure of persons at a distance through letter correspondence and treatment. In this manner thousands of people have been and thousands more are being cured, and we should advise you, if you desire a sure cure from your disease, to immediately write him all about your case. It will cost you nothing to get his very valuable advice.

HEALTHY. HAPPY. WHY?

Is he a bright child? Does he look healthy and happy? He is bright, and he looks healthy and happy. He is the little son of Mrs. Henry T. Bowers, wife of the well-known contractor and builder, who resides in Dorchester avenue, South Boston. Mrs. Bowers has had quite an experience with her children, which experience we give in her own words, as follows:

"I have a little boy two and one-half years of age, the perfect picture of rugged health, and also a little girl of four. I attribute their good health and good temper to the use of Hand's Remedies.

I have used, as occasion required, the entire line, and have had very marked results from the Colic Cure, Cough and Croup Medicine, and the Pleasant Physic. I have never had any but good result from the use of any of them."

No mother would make a statement like the above unless she knew wholly whereof she affirmed.

SEVEN TOLEDO CYCLERS

Will Ride in the Chicago to New York Race.

Lou G. Colton of this City Will Manage the Relays Between Toledo and Cleveland—The Bearings Big Scheme.

Toledo cyclers are getting ready for the big relay ride against time from Chicago to New York, to come off during May. There will be ten divisions. Chicago to Goshen will be one, Goshen to Toledo will be another and Toledo to Cleveland another, and so on. The latter will be known as the third division and Lou and G. Colton, of this city, will be managers and will have charge of the arrangements.

Many wheelmen will take part in the big run. Two will start from Chicago, one of them carrying the message. They will ride almost an hour and a half when they will come upon two more fresh men, who take the message and carry it flying along.

The following Chicago riders, some of the best in the northwest will ride relays between Chicago and Toledo: N. H. Van Sicklen, Geo. K. Barrett, E. C. Bode, L. D. Munger. A. E. Lumsden, C. P. Root, Wm. Young, A. T. Merrick, F. Howard Tuttle, F. E. Spooner, Geo. and James Thorne, Cy Davis, R. M. Barwise, Harry Cassidy, E. W. Ballard, J. P. Bliss and others.

The Toledo boys who will ride are as follows: M. R. Himes and Frank Rigby to Woodville, where they will find in waiting Mr. Parker and R. E. Van Dyke, of H. C. Lozier's factory, who will ride to Fremont. At Fremont Lou G. Colton and George L. Chapman will be met, and they will proceed to Norwalk, from which place Rob Staeler, of Toledo, and O. C. Van Stine, of Findlay, will ride to Elyria. Mr. Colton will secure four Elyria riders to take the relays to Cleveland.

The Toledo riders are scheduled to leave Perrysburg May 19 at noon, Fremont at 3:50 o'clock, Norwalk at 6:35 o'clock, Elyria at 9:35 o'clock, and arrive at Cleveland at midnight; which means 123 miles in 12 hours. They think that they can beat the schedule by several hours.

The big race starts from Chicago May 18 at 1 p. m., and it is scheduled to end at New York May 22 at 2 p. m., 975 miles.

Various kinds of wheels will be used on the different divisions, and there will be considerable curiosity to learn what riders make the best record. Going down the shores of the Hudson river pneumatics will be used as an experiment.

Tom Roe, a famous rider, will follow the route from Chicago on train, and will ride the last 50 miles into New York.

The Chicago men will be met and hospitably received by a delegation of local wheelmen when they finish their relay at Perrysburg.

IN TRADING CIRCLES.

Both at Our Home and Abroad.

Wheat Quotations for the Day—Prices Current for Produce and Other Articles.

The receipts of wheat to-day at Minneapolis and Duluth are 159,575 and from five other points 172,561 bu. The receipts at Chicago and Milwaukee are for two days.

The export clearances yesterday at four Atlantic ports were: Wheat, 219,430 bu and flour to an aggregate of 375,000 bu. Exports of corn were 490,236 bu and of oats 13,912 bu.

English markets as reported herein are firmer in London and unchanged in Liverpool on wheat and corn.

The Markets To-Day.

In all the markets east and west, cash wheat rules May, and has a strong clinch on June. Later futures are more or less under the influence of new crop reports. To-day there is a strong feeling in wheat, in spite of large selling by the enemies of the deal. These selling plungers have furnished Mr. Hatch the best argument for his anti-future trading bill that he has had, according to his statement. With all their selling the markets have ruled at higher prices. There is no important news. Bradstreets very important addition to the decrease in wheat is about all there is worth noting.

There is nothing in closing foreign markets worth quoting. In New York May wheat closed 1-4c and July 1-8c higher. May corn 3-8c and July 1-4c higher. May oats steady.

In Chicago May wheat closed 1-2c and July 3-8c up. May and July corn 3-8c and May oats 1-4c all up.

In Toledo there has been an increase in business. The wheat market has been firm, especially for cash and May. The premium between May and July advanced 1-4 to 1-2, so fair amount of trading was reported. On the call May sold at 89 to 88 7-8. After the call May sold at 89 to 90, and closed at 89 3-4, a gain of 1-2; July sold at 83 to 83 3-8 and closed at 83 1-4, a gain of 1-4; August sold at 82 1-4 to 82 3-4 and closed at 82 3-8, a gain of 3-8.

Cash wheat was firm. There were early sales of car lots of No. 2 soft at 89 1-4c to 90c, but a lot of 100,000 bus sold at 91c, when May was 90c, and nothing of consequence can be bought under about those terms

The market closed for round lots about 90 3-4c and car lots about 90c. No. 3, 88c was bid all day. Rejected No. 1 sold at 80c.

Corn—No. 2 at 39 1-2c; No. 3 at 39c; No. 4 at 36c.

TRUE TO HER TRUST.

On the night of March 8, 1891, Mr. Wickwire brought home a package. (This word should be taken in its literal sense).

"What have you there, dear?" asked his wife.

"That," said Mr. Wickwire, impressively, "is a clock, a new-fangled clock, that runs a year on one winding. I purpose to go to sleep in peace hereafter."

On the night of March 8, 1892, at 11:18 p. m., Mr. Wickwire awakened from a dream of a railway wreck, in which the broken driving-rod of the overturned locomotive was slowly jabbing its way through his vitals, to find that his wife was arousing him in the usual manner with her elbow.

"Um-m—what the—what's up?"

"Did you wind the clock, Henry dear?"

Woman may forgive, but she cannot forget.—Indianapolis Journal.

IS AN EDITOR ANY GOOD.

Children's ideas of usefulness in this world are primitive, to say the least. A Boston editor has a five-year-old boy who has pronounced views on this subject. He said the other day at the table:

"Papa, I wish you were a bakeshop man!"

"Why, my boy?"

"Because then you could bring home cakes and things, an' we could go in and get cookies when we wanted to. Or, if you were a meat man, or a grocery man, or a carpenter and made nice things, or a blacksmith shop man—that would be awful fine. Say, papa, is it any good what you do?"—Boston Evening Record.

DO THEY CHARGE FOR IT?

How many people coming to Florida know anything about the great fresh water spring in the Atlantic ocean? This great natural wonder covers an area of about two acres, is located in the Atlantic ocean about two miles (east) from the shore and about 10 miles from St. Augustine (south). The spring is defined by the silver gleaming whitecaps trying to force themselves over the powerful boiling spring.—Florida Times-Union.

MOUNTAIN TERROR LOOSE

He Declares He Will Kill Ten Men

Before He Ceases His Bloody Crusade.

He Fatally Wounds a Woman Who Was Protecting His Dead Victim from the Hogs.

Murphy, N. C., April 6.—From the Jellico mountains comes the report of a series of tragedies which have resulted in three deaths and a woman fatally wounded.

Recently "Bill" Murphy quarreled with his brother George, who had married the daughter of a hereditary enemy of his family.

The discussion became warm, when "Bill," leveling his rifle, fired, killing his brother. This occurred a week ago. Frank Medlin, George's brother-in-law, took the body of the dead man and buried it.

Wednesday, as Medlin was on his way to this city, he was shot through the head from ambush. "Bill" Murphy jumped out into the road and threatened to kill any one who would touch the body.

A neighbor named Morse, with his wife, attempted to guard the dead body of Medlin from the hogs, which were about to eat it up.

A couple of shots from Murphy's rifle sent them flying. One of the shots took effect in Mrs. Morse's body. The latest reports are that she is dying.

Wednesday night Murphy went to the house of a man named Baily and demanded lodging. Baily hesitated, when the latter brought his rifle again into play, shooting Baily in the right shoulder.

Yesterday Murphy started out on the warpath again. He heard that Ben Martin had been criticising his recent conduct. Armed with his rifle, he started in pursuit of Martin, and came upon him at work in his field.

"Get ready for your grave," said the desperado, as he covered Martin, "and fall down on your knees and acknowledge that you have been lying about me." In vain did Martin expostulate. A sharp report, and a bullet sent through his head finished him. Murphy declared to persons whom he met on the road that he intended to kill ten men before the week is ended.

Afraid of Her Breath.

A bad breath spoils the beauty of a Venus.

There is a way to cure this affliction. It arises from a disordered stomach. Read what the celebrated Doctor Hofmeister said before the Medical Society of London

"The unnatural motions of the stomach, causing pressure and belchings, the irritation of the intestines, resulting in catarrh of the bowels, and the inflamed mucous membranes, are the most fruitful of all known causes of disease.

"I have found that the unnatural motions of the stomach cease, the intestinal troubles become soothed, and health results from the use of Carlsbad Waters or Sprudel Salts. The diuretic effect of these remedies, its quiet action upon the lining of the stomach and its healing power upon the inflamed intestines are beyond all praise."

The genuine have signature of "Eisner & Mendelson Co., Agents, New York," upon the bottle.

Always procure your nursery stock from the nearest reliable nurseryman, who has healthy stock, in order to avoid long journeys and exposure of the roots. More damage results from the drying of the roots by high winds than from any other source. When young trees arrive moisten the roots at once, or put them in water, and then get ready to plant them without delay.

In planting a new strawberry bed the pistillate varieties are perhaps more productive than the double-sex berry, but the rule is to use three rows of pistillates and one row of staminates. The Crescent still holds its place as one of the best, but it requires some variety, such as the Wilson, in order to have the blossoms fertilized. Do not plant new varieties until they have been tried and tested.

Many early plants can be given a start by planting the seeds on inverted sods, in a hot bed, or cold frame, transplanting the sods to the open ground after danger of frost is over. Lima beans, melons, squashes and early corn may be so treated.

A LUCKY ESCAPE.
Fortunate is the man or woman residing in a malaria-ridden locality who escapes the dreaded scourge. Not one in a thousand does. When the epidemic is a periodical and wide spread visitation, it is just as common to see whole communities suffering from it as single individuals. The most vigorous constitution is not proof against it—how much less a system feeble or disordered. As a means of protection against malaria, Hostetter's Stomach Bitters is the supreme medicinal agent. It will uproot any form of malarial disease implanted in the system, and even in regions where miasmatic complaints are mostly malignant and deadly, such as the Isthmus of Panama, Guatemala and the tropics generally, it is justly regarded as an efficient safeguard. No less efficacious is it as a curative and preventive of chronic indigestion, liver trouble, constipation, rheumatism, kidney complaints and la grippe.
